for ultimate safety

PRODUCTIVITY

SAFETY

SUSTAINABILITY

The Trelleborg Tires ProTEX compound in the new formulation improves safety while accelerating business. ProTEX is the 100% non-marking electrically conductive compound designed for use in Material Handling applications operating in potentially explosive environments. Designed to comply with the EN1755 safety standard, the ProTEX compound enables your materials handling equipment to be used safely in applications where flammable gases, vapors or dust are present.

ProTEX

Premium compounds

Maximum safety benefits

- 100% Non Marking & Electrically Conducting compound
- Built on expertise in polymer engineering and Materials Handling
- Safer than fixed earthing strips
- EN1755 compliant
