

# EMR 1051 Earthmover Radial Tires

## PREMIUM RADIAL PNEUMATIC

The Trelleborg EMR range is designed to enhance productivity in critical construction applications, delivering both enhanced damage protection and durability. The multi-surface tread design delivers control and perfect grip when it's needed the most, whether on sand, rock, gravel or soil.

The strong radial casing and state of the art compound assure long life, while providing equal load distribution for a comfortable ride, maintaining low fuel consumption.

Designed for loaders, the EMR 1051 range is the best solution for intensive loading applications in industries such as open pits, quarries, infrastructure development and site preparation.
